

**Important! Always backup your information and data first before installing any programs.**

- a. Get the **PhoneBAK.CAB** file to your PDA phone by either ActiveSync, storage card via the PC or Bluetooth transfer. Place the file in the Temp folder (e.g. File Explorer) in your PDA phone.
- b. Click the program **PhoneBAK.CAB** to install. (Ensure that your SIM card is in the PDA Phone)

Access the PhoneBAK PDA phone program at:  
**Start / File Explorer / My Device / Program Files / PhoneBAK PDA / PhoneBAK.exe** (click once)

Enter the default password '12345' to enter.
